Gravitas

Gravitas is a Gravitar component for Appcelerator Titanium. Simple and easy way to load the Gravitar associated with an email address.

Released under the MIT. Please see licence in the project root folder for more information.

Usage

```
var Gravitas = require("modules/gravatar");

var win = Ti.UI.createWindow();
var image = Gravitas.createGravatar({
    email: "rob@bytespider.eu",
    defaultStyle: Gravitas.GRAVITAR_DEFAULT_RETRO,
    size: 256,
    rating: Gravitas.GRAVITAR_RATING_PG
});

win.add(image);
win.open();
